

HP DeskJet 3700 Series

JULY 2018

World's smallest in-class footprint all-in-one printer for home¹

HP DeskJet 3700 Series

In July 2018, Keypoint Intelligence - Buyers Lab was contracted by HP to conduct a study to determine if the HP DeskJet 3700 series could still be considered as having “the world’s smallest in-class footprint” compared to currently available color inkjet all-in-ones for home users. Using HP’s stated dimensions (425 mm x 177.8 mm x 137 mm (W x D x H)), BLI analysts have determined that, based on available specification data for in-class inkjet models worldwide, no other desktop models priced less than or equal to \$250 US (or international equivalents) retail as of this date are smaller than the HP DeskJet 3700 series models.

¹ World's smallest in-class footprint compared only to dimensions of majority of worldwide inkjet all-in-one printers ≤\$250 USD; HP internal research of printer manufacturers' published specifications as of July 1, 2018 and July 2018 Keypoint Intelligence - Buyers Lab study commissioned by HP. Market share as reported by IDC CYQ1 2018 Hardcopy Peripherals Tracker. Measured dimensions for the HP DeskJet 3700 printer series is 403 mm x 177 mm x 141 mm (W x D x H) and volume is 10,057,671 cubic millimeters. For details, see www.hp.com/go/smallestAiOclaims or www.keypointintelligence.com/hpdeskjetssmallest.

Methodology

Keypoint Intelligence is a one-stop shop for the digital imaging industry, providing unparalleled tools and unmatched depth of knowledge to offer clients the unbiased insights and responsive tools they need.

Using BLI's extensive product database containing information on over 30,000 printers and MFPs worldwide, as well as publicly available specification information, the BLI research team compiled product dimensions for in-class models (based on IDC segmentation of inkjet all-in-ones \leq \$250 USD) and calculated the total footprint area (obtained by multiplying the claimed width by the depth of the devices). Models employing thermal inkjet and piezo inkjet technology were included in the sample, while other printing technologies (including direct thermal, dye sublimation, thermal wax, and other non-inkjet technologies) were excluded. "Portable" models (defined by BLI as models small enough to be carried and that include a self contained power supply and battery/car adapter) were also excluded. While every effort was made to include the most accurate and complete information for the global printer market, some markets/regions lack complete BLI coverage due to limited engagement with vendors in those areas and/or the limited amount of publicly available spec data.

Models Included in the Sample (Smallest to Largest)

Vendor	Inkjet Model Name	Height (mm)	Width (mm)	Depth (mm)	Footprint (square cm)	Volume (cubic centimeters)
HP Inc	Deskjet 3720 All-in-One Printer	141	403	177	7,133.1	10,057,671

World's smallest in-class footprint compared only to dimensions of majority of worldwide inkjet all-in-one printers \leq \$250 USD; HP internal research of printer manufacturers' published specifications as of July 1, 2018 and July 2018 Keypoint Intelligence - Buyers Lab study commissioned by HP. Market share as reported by IDC CYQ1 2018 Hardcopy Peripherals Tracker. Measured dimensions for the HP DeskJet 3700 printer series is 403 mm x 177 mm x 141 mm (W x D x H) and volume is 10,057,671 cubic millimeters. For details, see www.hp.com/go/smallestAiOclaims or www.keypointintelligence.com/hpdeskjetssmallest.

ABOUT KEYPOINT INTELLIGENCE - BUYERS LAB

Since 1961, Keypoint Intelligence - Buyers Lab (BLI) has been the leading global independent office equipment test lab and business consumer advocate. In addition to publishing the industry's most comprehensive and accurate test reports on office document imaging devices, each representing months of exhaustive hands on testing in BLI's US and UK laboratories, the company has been the leading source for extensive runnability testing on imaging media and consumables, as well as extensive specifications/pricing databases on MFPs, printers, scanners, and fax machines. BLI also has a long-standing reputation for being the industry's most trustworthy and complete source for quality testing services and global competitive intelligence.

In addition to testing over 200 office document imaging devices and related consumables annually for its subscribers, BLI provides consulting services to buyers and a range of private testing services that include document imaging device beta and pre-launch testing, performance certification testing, consumables testing (including toner, ink, fusers, and photoconductors), solutions evaluations, and imaging media runnability testing.

For more information on BLI, call (973) 797-2100, visit www.keypointintelligence.com, or email info@keypointintelligence.com.
